Concerns: VOC content in Tikkurila Optiva Matt 5

We inform that Tikkurila Polska SA does not add solvents and volatile organic compounds (VOC) in production process of Tikkurila Optiva Matt 5. Our internal standard assumes the possibility of occurrence of volatile organic compounds in the product in the amount of not more than 1.5 g/l in relation to the weight of 1 liter of paint. The weight is 1.34 kg for A base A and 1.24 kg for C base C. The content of volatile organic compounds expressed as a percentage is: 0.11% for A base and 0,12% for C base, which is rounded down to zero% VOC. The trace content indicated in the tests performed in the external laboratory (according to EN 11890: 2) are the results of possible content of these compounds contained in the raw materials used by Tikkurila Polska SA for the production of Tikkurila Optiva Matt 5.

Yours sincerely

Katarzyna Radomińska
